## CLUB WORK STARTS IN MASON COUNTY WITH INTEREST SHOWN

Strong Clubs Are Organized in Mayslick Precinct and Parents Will Spend Large Sum in Furnishing Their Children With Pure Bred Stock.

At the last meeting of the Mason County Board of Agriculture the County Agent was instructed to spend at least one-third of his time in club work among the boys and girls of the county and immediately after this meeting the County Agent began his work. It was natural for him to begin his work in the Mayslick precinct for in this precinct the value of the club work among the youngsters is realized probably more than in any other precinct because the clubs have been tried out there.

In two days spent in the Mayslick section County Agent Kirk and Mr. Frank Barrett, of the State Experiment Station, State Club Work Agent, called on many homes and had great success. They report that they did not meet with a single discouragement but that the boys and girls in each home they visited joined the club and showed much interest in the county-wide development of the plan. Orders were taken by the workers for 12 pure bred pigs, 6 pure bred Holstein heifers, 2 pure bred Shorthorn heifers and 8 orders were received for three sittings each of pure bred Rhode Island Red eggs.

These orders represent an expenditure by the children's parents of approximately \$1500 for pure bred stock to start the children off right in their club work. The Mayslick territory was not nearly covered by the workers and it is certain that twice as much as has been accomplished will be accomplished as soon as the time can be given the work.

It is the purpose of the County Agent to push the Mayslick Clubs hard during the spring and summer months. All of the members thus far enrolled show great interest in the plan and it is the purpose of County Agent Kirk to hold a precinct show just before the Germantown Fair in which the pure bred stock of all members will be displayed.

The workers will begin work in the other precincts in the county immediately and expect to have just as strong a club in all of the precincts of the county as they have organized in the Mayslick precinct.

Mr. Kirk expects to spend at least one-third of all of his time this year in the development of the club work in the county and before the fall shows and fairs expects to have a live club in each precinct in the county in which the members will raise first-class stock and they will put their parents to shame in their accomplishments if they are not careful.

Suits, exceptionally smart and snappy. All prices from \$18.50 to \$75. HUNTS.

## MODERN LAUNDRY AGENCY

You can leave your laundry here and get it any time during business hours day or night.

This is an advantage to our country friends who can't get in town during the day.

The Square Deal Man  
of Square Deal Square.

## MASON COUNTY AGENT WILL SPEAK AT STATE MEETING

County Agent George Kirk Is Asked to Explain to Other County Agents of the State How He Keeps His Records.

George Kirk, County Agent for Mason county, will attend a conference of the County Agents of Kentucky which will be held in Louisville next week. He will be out of the city the most of the entire week and will be on the program of the conference.

When in Maysville this week Mr. Merriman, Chief of the Kentucky County Agents, was more than pleased with the splendid system of filing records and blanks which Mr. Kirk used in the local office and he urged upon Mr. Kirk that he make a thorough explanation of his systems at the meeting of all of the agents in Louisville. Mr. Kirk consented and once again Mason county will tell the rest of the state how to do it properly.

This meeting of County Agents will be in many respects one of the most interesting of the kind ever held in Kentucky. The purpose of the meeting is to enthuse the various agents so that they will return to their counties and get down to their spring work with a desire to accomplish more this year than ever before and to be of more real benefit to the farmers of their counties than they have heretofore been.

### TELEPHONE S. S. FIGURES

All Superintendents or Secretaries of Sunday Schools in the city and county are urged to telephone the attendance of their schools on Sunday to the Attendance Secretary. Call telephone 217 some time during the early afternoon.

An exceptionally varied and charming assortment of Georgette, Silk and Satin Blouses. Duplicates of models displayed in Fifth Avenue shops, \$3.98 to \$13.50. HUNTS.

### INTEREST IN COMING OF METHODIST BISHOP

Considerable interest is displayed among the church people at the coming to the First M. E. Church, South, for Sunday of Bishop Collins Denny, of Richmond, Va. This distinguished churchman brings a message of much interest especially to Methodists but many from other denominations will want to hear the distinguished gentleman.

### DAILY BIBLE LESSON

This is Saturday and a busy day, but at least find time to read the beauties of not all of Matthew the fifth chapter. On tomorrow read both the 5th and 6th chapters.

## MASTERLY ADDRESS ON LEAGUE OF NATIONS BY UNIVERSITY HEAD

Mason County Conference Closes With Wonderful Address by President McVey on League of Nations—“Y” Defended—Band Makes Another Hit.

Mason County's Community Conference on After the War Problems closed Friday evening at the First Presbyterian church in a very interesting session. The Maysville Boys' Band attracted a great audience and the boys and girls did fine and surprised the many people present who had not before had the pleasure of hearing them. The band grows in the estimation of the public with every appearance and there is no doubt but that it is going to prove the most popular thing that has been started in Maysville in recent years.

The first speaker on the program for the evening was Mr. Philo C. Dix, who resigned his position as General Y. M. C. A. Secretary for Kentucky to accept a position as head of all “Y” activities at Camp Zachary Taylor during the war. Mr. Dix spent considerable time in answering the criticisms of the Y. M. C. A. overseas work by the soldiers who are returning from France. His argument was good and probably cleared up many questions in the minds of local people in regard to the work of the organization overseas. He answered all of the most prominent criticisms in a very satisfactory manner.

The chief address of the evening and of the entire conference was that delivered by Dr. F. C. McVey, President of Kentucky University. Dr. McVey changed his subject at the last moment and had it been generally known that he was to speak on the League of Nations, it is more than likely that more would have heard him. His address was logical and in many instances convincing. He is qualified to speak on the subject for he has given it much close study and has been said by President Wilson to be one of the most valuable men in all of the country during the war period and the period after the war.

Dr. McVey after reading the preamble of the League and declaring it to be one of the greatest documents of modern times, enumerated the various articles of the League's constitution and explained them. He then answered the most important criticisms to the document and closed his address by saying that the League's constitution should be adopted with the Treaty of Peace for unless there was some such organization to carry out the provisions of the Peace Treaty there would be a repetition of the former alliance of nations.

Taken in all the County Conference was very helpful to the community. There were not as many in attendance as might have been and probably the people of Maysville obtained more real good from the meeting than the people of the county as they did not attend as well as was hoped for. The meeting was not a failure by any means, however, and will prove beneficial to the community for a long time to come. Such lectures as Dr. McVey delivered on Friday night are needed in the community. Maysville should have more of them so that the people of this section would more thoroughly understand the matters of importance facing the nation and there should be some forum for the discussion of these important questions occasionally by well posted people.

Suits with every line sewed and tailored into them, not just pressed in. Every garment a New York expression of style. A stock well worth seeing. HUNTS.

### GRAND JURY BEGINS WORK ON MONDAY

On Monday the March term of the Mason Circuit Court really begins. The day will be given over to reading and filing of reports of the county officers and empaneling and instructing the Grand Jury. The jurors have all been summoned and will be on hand at the appointed time. It is not known that there will be any special matter upon which the Grand Jury will be instructed but they will begin their work immediately after their instructions are received from Judge Newell and their oaths have been administered. The petit jury will report on Tuesday and then actual work will begin.

### BE CERTAIN TO ADVISE COUNTY HISTORIAN

If there is a Mason county soldier who was killed or died of wounds or disease in the great war who has not been listed on the official roll as announced in the newspapers, the relatives of that soldier should immediately confer with Carl Dodds, Mason County Historian, giving full and complete details. The Council of National Defense is preparing a record of all these Kentucky men for a history of the war and Mason county wants full credit for every man who died with the colors. Act promptly and send full particulars to Carl Dodds.

### MUCH TOBACCO COMING IN LAST WEEK

Warehousemen are of the opinion that there will be quite a rush on the local tobacco market during the last week of the present season. They report that there is yet considerable tobacco out and that the farmers have made all arrangements to make delivery of this tobacco before the closing of the market for the season. The past week has been a rather lively one on the market but the coming week promises to be a rush week.

Preaching at the Lutheran Church Sunday morning at 10:30 by Rev. Pritch.

## BREST NOT AS BAD AS REPORTED, SAYS CECIL SHARP

Maysville Man Now in France Says Home Folks Should Quit Knocking and Let Army Run Itself—Agrees to Stay Over Six Months Longer.

Mr. H. C. Sharp, cashier of the State National Bank, is just in receipt of the following very interesting letter from his son, Cecil, who has been in France for many months:

Brest, France, March 4th.

Dear Dad:  
Well, I got a good start towards home, but have had to hang around Brest for some time expecting any day to get orders and go aboard ship. However, Brest isn't nearly so bad as the newspapers at home make out and the people in charge are doing all they can to make the conditions better. There is some sort of entertainment going on every afternoon and night for both officers and men. We are all well housed and it's all right about people standing knee deep in mud waiting for hours to get fed. The weather is very bad, but one can't help that and we have plenty of blankets and there are board walks wherever one wants to go. Just spread this news around a bit and tell the people at home to quit knocking and let the army run itself. I've seen about all kinds of service over here as officer and enlisted man and the conditions are never so bad as depicted by a few who would growl if they were in Heaven. Of course, a healthy soldier is going to give a regulation growl about everything that comes along, but I've read something in papers from the States that have made my blood boil. The people at home are giving a boost to German propaganda when they sit around guessing about everything that is done and they are mostly to blame for the lowering of the morale if there should be any let up on the part of the men in uniform. And, Oh, these birds who have started in to take our stripes away! Just let some of those gentlemen step out to run for office when the A. E. F. gets home!

By the way, there is a need of volunteers over here to stay six months longer and I put my name in. I may be accepted and I so will be in France until next fall. There are lots of men who want to go home who have families to look out for and business to get back into, and I am willing to release somebody like that. Can't tell from here whether I'll be accepted or not. Will let you know as soon as my application comes back.  
I'm doing about four dances a week here and have to shove off now and shine up for one of them. I ran into John Fitz here and he has been showing me around. Also Mrs. Tom "Bitter" is here in a Red Cross place. Went over to see her last week. Don't write and hold all mail that comes for me until further orders.

CECIL

## WOMAN IS SUSPECT IN HILLSBORO MURDER

Police Question Woman Who Is Thought to Be "Other Party" Named by Lovett.

Hillsboro, Ohio, March 22—Police authorities questioned a woman last night as to her possible connection with the murder of John Moses, merchant.

Harry Lovett, who committed suicide when pursued by officers, in a note to his wife wrote: "There is another party in it. I did not get the money."

The police are working on the theory the woman held is "the other party." William Walker, marshal, Saturday went to the home of Lovett's parents, near here, hoping to confirm a report Lovett had told his father whom he meant by the other party.

The woman questioned is said to have told the authorities they could receive information from Lovett's father.

Suspicion was attracted to the woman through reports of the son's friendship for her.

### TEACHER ENTERTAINS SUNDAY SCHOOL CLASS

Mrs. W. H. Morris entertained the Star Sunday School class of the Forest Avenue M. E. Church at her home in Broadway street Thursday evening. There were 16 young ladies and gentlemen present and they all enjoyed a splendid evening. Ice cream was served and all left late in the evening having enjoyed themselves very much.

### SUIT BROUGHT ON ACCOUNT

Robert Roush and others doing business as the Manchester Milling Company has brought suit in the Mason Circuit Court against R. M. Harrison & Son for judgment for \$1148.75 alleged to be due them for goods and merchandise sold and delivered to the local firm. The petitioners ask judgment for the amount and interest from January 6, 1919.

### BIG COURT DAY IN FLEMING MONDAY

Monday will be a big court day in Flemingsburg. It is the March court day in this day is always about the biggest of the year. It is expected that there will be much stock and many horses offered for sale and many from Mason county will attend.

### MORE HORSES PASS THROUGH FROM OHIO

Another large herd of horses passed through the city Saturday morning coming from Ohio and en route to Fleming county. A very large number of work horses are now being purchased in Ohio and sold throughout this section of Kentucky.

## SALES WILL GO NEAR THIRTY MILLION POUNDS FOR SEASON

Weekly Report of Supervisor Mitchell Shows That Price on Tobacco Continues to Decrease—Average For Week \$20.48.

The weekly report of Supervisor William Mitchell, of the Maysville Loose Leaf Tobacco Market, as announced Saturday shows that during the week closed on Friday a total of 1,599,780 pounds of the weed was sold in the local warehouses at a general average of \$20.48.

This price shows a decrease of \$3.11 per hundred from last week's general average which was \$23.59. The week's sales bring the total sales for the season up to 27,574,495 pounds and warehousemen are of the opinion that next week will be one of the biggest weeks of the entire season. Many farmers have been hustling to get their crops ready for market and will rush them in during the last week.

Growers are urged to remember that the sales close on the Maysville market on Friday, March 25, next Friday and that they should by all means have all of their crop delivered so as to get in on this last sale. The growers have had plenty of warning and there will be no excuse for the fellow who is left with tobacco on his hands.

An interesting display of Silk and Georgette Dresses. Every gown made in New York. A carefully chosen stock at moderate prices \$22.50 to \$40.00. HUNTS.

### WILLIAM ROBERT GRIMES DEAD

William Robert Grimes, 9 years old, son of Mr. and Mrs. Lee Grimes, who live on the Kenton station pike, died at the home of the parents last night from pneumonia which developed from influenza. Other members of the family are suffering from the same disease. Funeral from the home at 2 o'clock Sunday afternoon. Burial at Washington.

### CRAWFORD-HAMILTON

Albert Hamilton, aged 44, and Ida Crawford, aged 43, both of Manchester, Ohio, were married in the Mason County Clerk's office this morning by County Judge H. P. Purnell.

## SUIT FILED TO HAVE WILL SET ASIDE BY COURT

Mrs. Bettie Yockey In Suit Filed Today Claims That Mrs. Henrietta Martin Was Unable to Make Equitable Will—Asks That Probated Paper Be Set Aside.

Mrs. Bettie P. Yockey brings suit in the Mason Circuit Court against Richard M. Eager, et als., in which she asks the court to set aside a paper probated in the Mason County Court during 1917 and purporting to be the last will and testament of Mrs. Henrietta Martin, deceased.

The suit is really an appeal from the judgment of the Mason County Court and in the petition the appellant states that the said purported will is not the last will and testament of said Henrietta Martin and that at the time said paper and the various parts thereof were executed and for some years prior thereto the said Henrietta Martin was not of sound mind and memory but by reason of age and protracted illness was mentally incapable of making a will and did not at the time have mental capacity as would enable her to know the natural objects of her bounty and her duty to them or the character or value of her estate or to dispose of same with a fixed purpose of her own.

The appellant states that by reason of her age and infirmity and want of mental capacity the said Henrietta Martin was coerced into making said purported will and unduly influenced therein. She therefore prays the court that said purported will be set aside and that she have her costs and all general and proper relief.

The suit is brought by Judge John L. Whitaker and James M. Collins.

### BOY UNDERGOES OPERATION FOR APPENDICITIS

The nine-year-old son of Mr. and Mrs. J. H. Atkinson, of East Second street, underwent an operation yesterday at Hayswood hospital for appendicitis and is today reported as improving nicely.

The girl who puts powder on her face takes reckless chances about meeting her match.

## BOOSTERS ORGANIZE TO BRING CANAL TO PORTSMOUTH

Organized Effort Being Made to Turn Lakes-River Canal Through to Empty Into River at Portsmouth, Ohio.

For the past several months there has been much agitation for a canal to connect the Great Lakes with the Ohio river. Ohio people have made a great effort to realize such a canal through their state. The original idea seems to have been to have the canal connect with the Ohio at a point near Cincinnati but an organized effort is now being made to change the route of the canal through Columbus, Sandusky and Portsmouth.

Of course this route would be of much benefit to the business interests along the Ohio river between Portsmouth and Cincinnati. Should the canal open into the river at Cincinnati the up-river towns would not reap the same benefit from it that would be reaped if the canal entered the Ohio at Portsmouth.

A meeting of the boosters of the Columbus, Sandusky and Portsmouth route was held in Portsmouth yesterday at which time an organization was perfected and in the future a strong effort will be made to have this route selected. The organization was formed by the selection of the following officers: Henry A. Williams, Columbus, President, and J. T. Daniels, Columbus, Secretary. Delegates from 15 cities in Ohio and Eastern Kentucky were present. Talks were made by Prof. C. E. Sherman, Columbus, and Colonel Lansing P. Beach, United States engineers.

### L. & N. SLEUTH DIES FROM GUN WOUND

Word was received here today that Mr. Julian Fowle, brother of Mrs. Sidney Keith, of this city, died at Knoxville, Tenn., Friday night of wounds received Thursday evening. Fowle, who was an L. & N. railroad detective was killed by one of his best friends in the Knoxville Railroad yards when he was taken for another man. Full particulars of the incident have not been received here as yet.

## WHAT HAPPENED AT KENTUCKY EQUAL RIGHTS MEETING

Official Account of the Proceedings of the Kentucky Equal Rights Association Conference in Louisville.

There was a "gathering of the clan" in Old Kentucky March 11th and 12th when the Kentucky Equal Rights Association held its Twenty Ninth Annual Convention at the Seelbach Hotel in Louisville. For the first time in the history of the organization leaders of both political parties appeared and expounded the cause of votes for women.

The first day of the Convention was "Congressional Day", the Kentucky Senator and the seven Congressmen who voted for the Susan B. Anthony Amendment being the guests of honor at a large reception given by the Louisville Association. In the evening the retiring president, Mrs. John Glover South of Frankfort, introduced Congressman J. Campbell Cantrill and Congressman Alben W. Barclay who addressed a packed auditorium. Mrs. South said that it was with pride that she presented the men who had so valiantly espoused the suffrage cause and the Kentucky women would ever hold in grateful remembrance the names of the men who had stood for justice to women.

The last evening of the Convention the Democratic and Republican candidates for Governor who for the first time in the history of the state, are all pledged to the support of suffrage, spoke to a large audience. Lieut. Governor James Black spoke on "The Right of Women to Vote is of the Spirit of Our Institutions." Hon. Edwin P. Morrow, Republican, spoke on "Why I am for Women Suffrage." Dr. H. H. Cherry, Democrat spoke on "Efficiency and Waste."

In presenting the candidates, Mrs. Mesha Breckenridge, newly elected president of the Association, spoke of the change in sentiment in Kentucky and throughout the nation in the past few years. Mrs. Breckenridge said: "We are feeling this day as if the suffrage millennium is here, and all there remains to do is the shouting."

Mrs. Breckenridge, is well known in the National Suffrage Association, she was second president of the Kentucky Equal Rights Association, and has been newly elected to succeed Mrs. John Glover South of Frankfort, the fourth president. Mrs. South was recently appointed to represent the South on the National Republican Woman's Committee, but will also remain on the Executive Board of the Kentucky Equal Rights Association as First Vice President.

The morning sessions of the Louisville Convention were marked with lively debates on "States Rights" some of the delegates favoring a state campaign. Mrs. South the retiring president, led the opposition which was triumphant as it was resolved, almost unanimously, to postpone any action until after the St. Louis Convention, where the policy of the National Association will be formed.

Reports of officers and chairmen were most encouraging. The Press Chairman, Miss Eleanor Hume of Frankfort, reported over 100 new papers won over to suffrage in 1918; among these was the Louisville Courier Journal long and bitter opponent. Over \$7000 was raised by the Kentucky Association for war work in the past year.

Resolutions were adopted thanking President Wilson for his support of suffrage and condemning the militants for picketing the White House. A banner was hung at the left of the hall bearing an inscription "Lest We Forget," and the names of the men who voted against the Federal Amendment.

### WHISKERS REAPPEARING

(London Chronicle)

A notable feature in masculine appearance is the increasing fashion of whiskers. At present they are only small affairs of the Albert variety, made popular by the prince consort. The whisker is no longer than two fingers' breadth, but there is no telling what dimensions these seductive products of the war may assume.

It is an army fashion, just as beards were an after-growth of the Crimea. The present whiskers originated among officers whose right arm, stiff or impaired through wounds, cannot be raised easily to the level of the ear, and so prevent a clean shave to the stop of the cheek.

### FARM ECONOMIST APPOINTED BY DEPARTMENT

Peck, of Minnesota, to Aid in Cost of Production Investigations.

Washington—The United States Department of Agriculture announces the appointment of Francis W. Peck, of the University of Minnesota, to the position of Farm Economist in the Office of Farm Management. Mr. Peck, under the immediate direction of Dr. H. C. Taylor, the new Chief of the Office of Farm Management, will have charge of the studies and investigations relating to the cost of producing farm products. The general plan and methods for securing cost of production data were recently outlined by a committee of experts appointed by the Secretary of Agriculture. The report of the committee has been published by the department, and will serve as a guide in all future studies and investigations in this field.

Mr. Peck has been connected with the University of Minnesota for a number of years. Since 1912 he has been an instructor and assistant professor of farm management at that institution, and has also had charge of its cost of accounting investigations. He has prepared and published a number of bulletins dealing with the cost of producing farm products and other farm management problems.

Mr. Peck was born and brought up on a farm in Indiana, where he received his common school education. Later he attended the University of Minnesota and received his Bachelor and Master degrees. The long and varied experience which Mr. Peck has had in connection with studies of the cost of production peculiarly fit him for the responsible task of directing the enlarged activities of the Office of Farm Management in this important field.

Another reason why a woman doesn't realize the importance of politics is because she's always forgetting who is Governor.

Java has spiders that make webs so strong that it requires a knife to sever them.

Try a Ledger Want Ad. It Pays.

### HEED THE WARNING

Many Maysville People Have Done So.

When the kidneys are weak they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Weak kidneys usually expel a dark, ill-smelling urine, full of "brickdust" sediment and painful in passage. Sluggish kidneys often cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequent rheumatic twinges.

Doan's Kidney Pills are for the kidneys only. There is no better recommended remedy.

Maysville people endorse Doan's Kidney Pills.

Fred Dresel, tailor and justice of the peace, 1233 East Second Street, says: "I was troubled by inflammation of the bladder and annoyance from my kidneys. The kidney secretions burned in passage and often were retarded. I had severe pains across the small of my back which greatly interfered with my work. Doan's Kidney Pills, which I got at Wood & Son's Drug Store, gave me prompt relief."

Mr. Dresel gave the above statement on February 8, 1908, and on November 14, 1916, he added: "I have had the same faith in Doan's Kidney Pills to-day as ever, for I haven't had any trouble with my kidneys since I last recommended them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dresel had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

### TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks."

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

It is the way of humanity to take a man's word with a grain of salt, and swallow his obituary unseasoned.

Many a man has stubbed his toe running to meet trouble.

### MEANEST MAN

(Tampa Tribune)

The meanest man in the world, regardless of previous conclusions, is the man of our acquaintance—you know him, too—who took out a card in the American Society of Astronomy and now doesn't have to give excuses when he gets in at 4 a. m.

### TYPHOON HURT COCOANUT TREES

(Manila Times)

The Christmas typhoon which swept over the Southern Philippine Islands did considerable damage to the coconut plantations. Trees, especially those along the seashores and places most open to the wind, were either blown down or weakened to such a degree that unless the affected groves are cleaned up and taken care of, the trees still standing are doomed, but for another reason, says the Bureau of Agriculture. The fallen trunks will become the breeding places of all manner of beetles, borers and other coconut destroying pests and diseases. The weakened trees, unable to fight these odds will sooner or later succumb and thus the farmers will suffer more losses.

### "OWN YOUR OWN HOME" CAMPAIGN IN ANNOUNCED

United States Department of Labor  
Announces New Campaign For  
Building of Homes in  
the Nation.

Complete plans, adaptable to any city in the United States, for an effective "Own Your Own Home" campaign, have been formulated by the U. S. Department of Labor and the literature is now ready for distribution through the Division of Public Works and Construction Development of the Department. Twenty cities already are getting under way with their drives for home building and home owning.

To supervise the formulation of these plans, Paul C. Murphy of Portland, Oregon, for two years working on "Own Your Own Home" work, was brought to Washington. In consultation with Department of Labor officials and several of the leading authorities on building in the United States, Mr. Murphy has drafted the campaign manual, now available for such cities and individuals as are interested in promoting home owning.

The "Own Your Own Home" bureau in the Division of Public Works and Construction Development will serve as an advisory board to the management of these local campaigns, where requested, and will extend the fullest cooperation to every city in the country which undertakes a campaign.

Briefly, the campaign plan contemplates a General Committee made up of civic and industrial leaders, with someone whose standing in the community justifies his selection, as the chief executive official.

Under this general committee are such subcommittees as have been found essential. The manual suggests the prudence of having vigorous committees on Finance, Publicity, Religious Activities, Industrial Workers and Labor Unions, Hotels and Restaurants, Exhibits and Management of Headquarters, Women's Clubs, Speak-

ers and Meetings, Poster Contests, Civic Bodies, Theaters and Amusements, Transportation and Automobiles, Industrial Plants, Music, Printing and Supplies and Donations.

The function of each committee is explained in detail in the Department's manual together with suggestions on handling specific problems which invariably develop in the "Own Your Own Home" campaign.

In the Department of Labor's plan of campaign the women, churches and labor organizations play an important part. The entire campaign is pitched on a civic betterment plane rather than on a purely commercial basis and the appeal is more on the line of what each business group can put "in," rather than what it can get "out" of the movement. It is a one hundred per cent. Greater City movement, having in mind only the incalculable permanent benefits to the community and the immediate helpfulness to the nation during the transition from war mobilization to peace production. The Department of Labor emphasizes these benefits which may be expected from the Own Your Own Home movement:

1. It will provide better living conditions, increase efficiency, encourage thrift, give greater comfort and happiness and create individual reserves for misfortune and old age. Every house owner with his family, whether rich, poor or well-to-do, becomes thereby a better citizen, with increased self-respect, independence and responsibility to the city and nation and are more vitally interested in the welfare and prosperity of both.

2. That during the readjustment period, such a movement hastens the return of normal conditions; results in much needed construction for home and industrial purposes; provides work for returning soldiers and sailors and for labor changing from war to peace industries; stimulates all lines of business in each community, creates general prosperity.

The fact that all these are patriotic in purpose does not eliminate the certainty of their being materially profitable to the local communities and, in the long run, the community which makes it easiest to build and cheapest to build, will reap the greatest material benefits.

Not only has the Department of Labor set out in detail the plan for a successful "Own Your Own Home" campaign. It is preparing publicity matter to be placed at the disposal of the local committees and will, where communities can show such action is necessary to the inauguration of the campaign, send an expert to assist in the organizing and getting the movement under way.

The "Own Your Own Home" movement as outlined by the Department of Labor was one of the propositions submitted to the recent conference of Governors and Mayors in Washington where it met with enthusiastic encouragement and support, many of the Governors and Mayors expressing the determination to return to their districts and interest themselves in getting such campaigns under way.

Among the national organizations which have pledged support and co-operation for the "Own Your Own Home" work are the general Federation of Women's Clubs, through its president, Mrs. Josiah Evans Cowles of Los Angeles, Calif., the National Association of Real State Boards and the National Federation of Construction Industries.

Requests for "Own Your Own Home" campaign literature should be made to the Division of Public Works and Construction Development, U. S. Department of Labor, Washington, D. C.

### BEANS WILL CUT THE HIGH COST OF LIVING, EXPERT SAYS

Beat Old H. C. L. By Using Beans Department of Agriculture Advises.

Washington—Beans, plenty of them at prices much lower than last year—are ready to replace higher priced foods in America's meals. Only last year the cartoonists were having fun with the humble bean, for it, too, was skyrocketing in price, but today it's down—way down below last year's prices, and there's joy in other places than Boston.

Reports on bean prices from the Bureau of Markets, Department of Agriculture, show that beans have dropped 3 to 7 cents a pound at wholesale since March last year, and in California growers are saying that they will not sell if beans go any lower at shipping points. Plentiful supplies are reported in producing sections, and retailers are already selling beans at reduced prices in many cities.

If folks are really going to swat Old Man H. C. L. with low-priced beans, officials say, it will result in the use of more catsup and chili sauce—which means more tomatoes and peppers, although some prefer 'em with molasses and others with vinegar. Of course, "Boston baked" will come into its own.

It is always possible to arouse a discussion over baked beans, for some like them cooked fairly dry, while others like them moist; some like molasses in them and some do not. Each family should try different kinds and then stick to the one it likes best. To most New Englanders "Boston Baked Beans" means beans cooked in a covered bean pot for a long time, which are very moist when done and which have been seasoned with a little molasses.

Here is a recipe which is such an old favorite that it needs no recommendation.

**Boston Baked Beans**  
Soak one quart beans and cook until tender, but not so soft that they will fall apart. If desired, one-fourth pound of salt work may be cooked with them. When tender, add one-half teaspoon mustard, one tablespoon sugar or two tablespoons molasses, and one tablespoon salt. Bake in a covered dish for one and one-half hours, leaving them uncovered for the last 15 minutes.

If you have any beans left over why not make a loaf that you can serve for dinner in place of meat?

**Instead of Meat-Loaf**  
2 cups cooked beans.  
1 cup cooked rice.  
1 cup bread crumbs.  
1 egg.  
1 tablespoon fat.  
1/2 teaspoon salt or 1 teaspoon if the rice is unsalted.  
1/2 teaspoon paprika.  
Put the beans through a sieve or grind in a meat grinder. Mix all the ingredients well. Form into a loaf and bake until brown. Or croquettes may be formed, rolled in bread crumbs and browned in the oven. Bake frequently with small amounts of liquid containing a tablespoon of fat to a cup of hot water.

If you don't "know beans" try these recipes and find out how good they are.

### BACK TO SCHOOL TEACHING

(Harper's Magazine)

An Ohio man whose son was an applicant for a position in the Federal civil service, but who had been repeatedly turned down, said:

"It's sure hard luck, but Bill has missed that civil service again. It looks like they just won't have him, that's all!"

"What was the trouble?" asked the friend.

"Well, he was kinder short on spelling and geography, an' he missed a good deal in arithmetic."

"What's he going to do about it?"

"I don't know," said the father.

"Times are not so good for us, an' I reckon he'll have to go back to teaching school for a livin'."

### DIVORCE RATE IS STEADILY INCREASING

Census Figures Show One Out of Nine Marriages Ends in Divorce.

Washington, March 22—Approximately one out of every nine marriages in the United States is terminated by divorce, according to figures compiled by the Bureau of the Census and made public today.

Excluding South Carolina, where all laws permitting divorce were repealed in 1878 the three lowest divorce rates in 1916, for which year returns are now complete, are shown for the District of Columbia, North Carolina, and New York, where the rates were 13.31 and 32 per 100,000 population, respectively. The highest rates were returned for Nevada, Montana and Oregon, which show 607, 323 and 225 respectively.

In all States except Maine, West Virginia, South Carolina, Alabama, Mississippi, North Dakota, South Dakota and Colorado the divorce rates were higher in 1916 than in 1906. In 31 per cent. of the cases in 1916 the divorce was granted to the husband, while the husband's rate in 1906 was 67 per cent.

Desertion is shown by the figures to have been the cause for about 38 per cent. of the divorces. Among other leading causes were cruelty, infidelity and failure to provide.

Records also showed that the marriage rate in 1916 was 1,050 per 100,000, or nine times as great as the divorce rate of 112 per 100,000. The marriage rate in 1906 was 1,020 per 100,000, showing the marriage rate to be increasing considerably slower than the divorce rate.

### THE INSURANCE MAN'S TOAST

(Detroit News)

Life insurance agents had a banquet in Detroit. These affairs open and close these days by drinking a fruit cocktail to everybody's long life, as follows:

"Here's to you, that you may live a hundred years.

A hundred years? No! Less one day.

For I'd hate to live to learn

That you had passed away."

### When Others Must Wait!

Long party-line conversations hamper telephone service by making others sharing the line to wait.

—they must wait to send calls;

—they must wait to receive calls;

Has this ever occurred to you?

Because other must wait is a very good reason why party-line subscribers should observe the five-minute limit for local calls.

Co-operation between subscribers keeps party-lines open for both incoming and outgoing service.

#### THE STARS SHINE ALL NEXT WEEK AT THE PASTIME

Some of the most popular stars in filmdom, will appear in some big feature plays at the Pastime next week. The big feature program is as follows:

**Monday**—Juanita Hansen in "The Sea Flower." This is a wonderful picture.  
**Tuesday**—Gladys Brockwell in "The Strange Woman." The greatest stage hit in 25 years.  
**Wednesday**—Wm. Duncan in "A Fight For Millions," and a Big V. comedy.  
**Thursday**—Virginia Pearson in "The Liar." A photodrama of a woman's fight to save the honor of her unborn child. This is an extraordinary feature.  
**Friday**—Pearl White in "The Lightning Raider." A good comedy and latest news of the world.  
**Saturday**—"The Diver's Last Kiss," one of those "Sunshine Comedies". Helen Gibson and International War News.

#### CAPTAIN THOMPSON BURIED SUNDAY AFTERNOON

Captain R. P. D. Thompson, for many years a Maysville citizen and member of the local Police Force, died at his home in Germantown on Friday evening at about 6 o'clock following a stroke of paralysis. Captain Thompson was for years after his leaving the police force, Merchants' policeman here and was quite popular. He was a brave officer and quite a popular man. He is survived by his wife and two daughters. Funeral will be held Sunday afternoon from the Christian church at Germantown and burial will be made there. Many Maysville friends will attend the funeral.

#### SUNDAY SCHOOL ATTENDANCE SHOULD BE GREATLY INCREASED

Since it has generally become known that the attendance at the Sunday Schools in Maysville and throughout the county will be published each week in the newspapers, there has considerable interest been aroused among the various schools and there is every reason to believe that the attendance at all of the schools will be very materially increased.

### THE BARROW UNIT SAILED FROM EUROPE ON LAST THURSDAY

Lieut. Col. Barrow Cables Son That Unit Sailed For U. S. From England on Thursday—Information Is Official.

Rumors concerning the embarkation of the Barrow Unit, Base Hospital Unit No. 40, from England were confirmed last night in a statement given out by Dr. Woolfolk Barrow, of Lexington, who had received a cablegram from Lieutenant Colonel David Barrow, commanding the Hospital Unit, in which he says that the unit practically complete, sailed from Liverpool on the Aquatania Thursday.

This is the first official information about the return of the unit to the United States. A cablegram was received Thursday by friends in Lexington from Len Shouse, Jr., in which he stated that he had been ordered to France, probably indicates that a number of men, possibly of the enlisted personnel will see further service overseas with the American armies of occupation.

The unit had recently been stationed in an old manor house at Salisbury Court, Hants, England. The most recent letter received in Lexington, was one to Joseph W. Porter of Lexington from Major Charles C. Garr, of the unit, written while they were stationed at Salisbury Court and in which he states that about 10 officers, 20 nurses and 100 enlisted men will be returned to this country under Colonel Barrow. From his letter it is presumed that the majority of the doctors, nurses and enlisted personnel of the unit have been transferred to other organizations or have received orders to report to various units with the armies of occupation.

He also states that Major McClymonds has been promoted to a Lieutenant Colonel.

Relatives of Maysville men in the unit will be very glad to hear this good news. The men in the unit may be expected home within a few days.

#### TWO KENTUCKY CAMPS ARE PERMANENT

Washington, March 22—Definite decision by the War Department to purchase fifteen original cantonment sites for use as permanent military camps was announced today by Acting Secretary Crowell. He said also that as a general policy the so-called national guard camps would be abandoned with the exception of Camps Kearney, California, and Sevier, South Carolina. Cantonments to be retained are Camps Bragg, Custer, Devens, Dix, Dodge, Gordon, Grant, Jackson, Knox, Lee, Meade, Pike, Sherman, Taylor and Upton.

Camp Taylor, located near Louisville, Ky., is to be purchased at a cost of \$375,000. Construction work there cost the government \$8,000,000. Camp Knox, Ky., will be purchased for \$2,500,000. Construction work there cost \$16,233,188, according to the announcement.

#### OIL STRUCK IN OHIO

Ironton, Ohio, March 22—Following previous attempts to locate oil in this region, Alonzo Shively struck the fluid within a few miles of this city yesterday while digging a ditch on his farm. People are flocking to the scene of the strike, which, it is said, bubbles above the ground to a height of three inches from the ground.

### KENTUCKY PAYS QUICKLY TO UNITED WAR WORK FUND

Kentucky Makes Good Showing in Paying Pledges For Fund—Mason County Has Already Paid 95 Per Cent. of Pledge.

Within five months from the time the pledges were made, the people of Kentucky have paid in cash 90 per cent. of the total amount subscribed to the United States War Work Fund. The campaign, it will be remembered, was conducted the week of November 11-18 for the war fund of seven agencies, the Y. M. C. A., Y. W. C. A., National Catholic War Council, Jewish Welfare Board, American Library Association, War Camp Community Service and the Salvation Army. During that period Kentucky people pledged \$2,214,104, nearly a half million more than the original quota.

Mason county pledged \$30,826 of which \$29,336 or 95 per cent. has been paid.

According to a report issued March 17, 28 counties in Kentucky (23.3 per cent) reported every penny paid in full. The counties were: Adair, Allen, Anderson, Boyd, Breathitt, Breckinridge, Bullitt, Butler, Clinton, Cumberland, Elliott, Fulton, Grayson, Green, Harlan, Hickman, Johnson, Leslie, Lyon, McCreary, Macon, Madison, Meade, Monroe, Owen, Pike, Robertson, Union. Twenty-three counties (19 per cent) had paid 90 per cent. or more, 27 (22 1/2 per cent) had paid more than 80 per cent, 30 (25 per cent) had paid between 50 and 80 per cent. of their total and only 12 counties out of the 120 had paid less than 50 per cent. of the sum subscribed.

Figures on collections for the Central Army Department, consisting of 14 states of which Kentucky is one, show that on March 1, 69 per cent of the \$72,250,000 pledged during the drive had been paid. North Dakota led the states with 97 per cent paid. Kentucky was well up in the front.

The War Department has just finished going over the budgets prepared by the seven organizations participating in the drive. The apportionment to fill the needs up to December 31, 1919, has been fixed by the Department as follows: Y. M. C. A. \$119,342,042; J. W. C. A., \$18,677,100; National Catholic War Council, \$26,015,575; Jewish Welfare Board, \$4,203,910; War Camp Community Service, \$18,171,154; American Library Association, \$4,517,800, and the Salvation Army, \$4,210,500. Secretary of War Baker in a recent statement calls upon all subscribers to pay their pledges at once as the money is badly needed for immediate use. Although the sums pledged are huge, the expenses are enormous and the cash is soon used up.

#### COMMISSIONER COHEN WILL WARN TOBACCO MEN

Believes Big Increase in Tobacco Crop Would Mean Ruin to Kentucky Planters.

Frankfort, Ky., March 22—Commissioner of Agriculture Matt S. Cohen will call a meeting of tobacco warehouse men and growers in Lexington March 28, specifically for the purpose of taking action to head off the contemplated 50 per cent. increase in the Burley tobacco acreage this year. Under the conditions the commissioner believes it will spell ruin. In some sections of the Bluegrass tobacco land is being rented for \$100 and sometimes \$200 the acre. An enormous production might break the market to such an extent that not only lessees at such extravagant prices, but others would lose hope of profit on their crops.

The warehousemen, it is expected, will organize and adopt uniform regulations.

Gov. Stanley returned last night from a ten days' trip in the East.

#### PROMINENT CINCINNATIAN CONVICTED OF SEDITION

Cincinnati, Ohio, March 22—J. Herman Dierkes, for years a leader in Democratic political circles in this city, was Friday found guilty of violating the sedition act by a jury in the United States District Court here.

The majority of the testimony during the trial of Dierkes was by witnesses who told of remarks made by Dierkes during the war. The prosecution claimed them to be of a seditious nature. Other witnesses testified to the good character of Dierkes and to his being active in the Red Cross and Liberty Loan drives.

**FOR SALE**  
 Registered Percheron Stallion and as good a breeding Jack as there is in the county. See CALVERT EARLY.

Ask your grocer for Traxel-Glascock Co.'s Pimento Cheese. Fresh made in your home town Creamery.

Where ignorance is bliss would you say it was folly to have more money than you know what to do with?

There are times when every man makes a fool of himself, but some few of us get over it.

#### FAMOUS DREWS IN SPLENDID COMEDY

Stars Have Humorous Roles in "Romance and Rings."

Under the terms of a new contract with the Famous Players-Lasky Corporation, producers of famous Paramount and Artcraft pictures, Mr. and Mrs. Sidney Drew will be seen here this season in a series of highly enjoyable comedies. The first of these, "Romance and Rings," will be shown at the Washington Theater next Saturday.

This is an excellent comedy. The story deals with the troubles of a man who borrows a wedding ring on the eve of his marriage and who gets into serious trouble when his bride refuses to part with it. The Drews are ideally cast in this production.

There are few comedians now before the public whose popularity exceeds that enjoyed by the Drews, and that the presentation of their latest comedy will be successful, seems a certainty. The story was written by Emma Anderson Whitman and the comedy was directed by Mrs. Drew.

#### GOOD CHAIRMAN FOR LOAN DRIVE IS SELECTED

Some time ago J. Will Stoll, of Lexington, who so successfully handled all of the other Liberty Loans throughout this district, resigned because of the press of business and his health. It was announced Friday night that Richard T. Anderson, Vice President of the Security Trust Company of Lexington, had been chosen to succeed Mr. Stoll and manage the Fifth and last loan. Mr. Anderson is one of the state's most prominent bankers and is well informed on the matter of handling these government loans. We predict that the district will again make a good showing as it has always in all previous loans.

Messrs. John W. Mathews and Myron Mertz are in Cincinnati today to see Ziegfeld's Follies at the Grand.

#### OUR COLORED CITIZENS

Miss Mary E. Fuller, who was called to Lexington on account of the illness of her father, has returned in company with her sister, Miss Hattie Fuller, of Chicago, who stopped over on her way home for a two days' visit with Rev. and Mrs. Jackson.

#### A FARM

In this community is as safe a place as you can invest your money; and, as profitable.

If you want to buy one and haven't enough money, come in and see us about the balance. We will be pleased let you have it.

We will make the terms to suit you and stay with you to the finish. We want to help.

#### FIRST-STANDARD BANK

AND TRUST COMPANY

MEMBERS FEDERAL RESERVE SYSTEM.

3 Per Cent. Interest Paid on Saving Deposits

#### "VICTORY LOAN WILL BE LAST"

Chicago, March 22—In an address before Liberty Loan organizations here yesterday Secretary of the Treasury Carter Glass gave assurance that the fifth and Victory Liberty loan would be the last popular loan, to be supplanted by a bond bureau of the Treasury department. He also confidently predicted that the American people will make it the greatest success in the financial history of the world.

Try a Ledger Want Ad. It Pays.

#### WANTED

Two first-class Paper Hangers and Painters. Apply to JOHN W. DAVIDSON & SON or at Hendrickson's Paint Store.

### SILKS Of Unusual Style and BEAUTY

Everyone that see our Silks remarks about how beautiful they are and the price is less, the style is supreme, and patterns exclusive. Thrifty shades of Georgette to match almost any goods. Very handsome figured Georgettes for Waists and Over Dresses. Goods seen usually only in the very large stores. Volles of style and sheerness all prices, very special Thirty Pieces forty inches wide at 50c a yard, cannot be duplicated. Our Gingham are different, the prettiest possible and the price is greatly reduced, regular 35c quality now 25c. We have the latest Novelties, More Beads, Ties, Tassels, Purses, Purse Tops and Rings, Ribbons, Laces, Neckwear, etc., than ever. Of course your Gloves are from Hoeflich's. See the wonderful new Suede Gloves, (Extra Chamollette) at \$1.00 pair. Cottons, Cambrics, Muslins, Sheetings, etc., at the new reduced prices. Curtains, Curtain Goods, etc., Rugs at less than new wholesale prices.

### Robert L. Hoeflich
